The band started out with a residency at Quaglinos, Mayfair, and has since become one of the top choices on the international events circuit. Whether they are performing for celebrity clientele in the Maldives, or performing for wonderful wedding couples in the beautiful hotels of London, they love nothing more than entertaining their guests, whoever they are. The LDN Showband's highly interactive and engaging performance style can be set apart from its competition because it is coupled with an unparalleled musical excellence and attention to detail in our arrangements that we genuinely don't think has been replicated anywhere else in the events industry.

“ WOW, WOW, WOW! - LDN WERE HONESTLY WORLD CLASS. THE ENERGY, THE VOCALS, THE MUSIC - EVERYTHING WAS AMAZING.

The seeds of the House of Ellington family had begun to be sewn long before the founding of LDN Entertainment, as a group of friends regularly gathered and shared their love of tight vocal harmony. It was 6 years later that these guys acquired a residency at the renowned London venue, 100 Wardour Street where the group fused with a rhythm section to eventually form the House of Ellington. What truly sets them apart from their competition in the industry is their frankly fearless ability to hold true to their own identity - taking pride in their unique covers and not shying away from pulling out deep cuts that turn heads on the dancefloor. It really is the opposite of a cheesy events band - with the House of Ellington you should really feel like you're at a live gig in a rocking venue. It is no surprise either that they can conjure this energy as the singers are such familiar faces on the session circuit. If you book the House of Ellington, we dare you to allow them to be themselves because then you'll truly see them shine - be it in their song choices, or bespoke in-'House' tailored outfits.

“

FROM THE RAPPING TO THE INCREDIBLE SINGING, YOU GUYS ROCKED IT AND GAVE US THE WEDDING OF OUR DREAMS. EVERYONE SAID IT'S THE BEST WEDDING THEY'VE EVER SEEN.

THE HOUSE OF ELLINGTON SIMPLY OOZE CLASS. THEY'RE UNDOUBTEDLY ONE OF THE BEST IN THE BUSINESS

Our members are oozing experience in all the right circles, having performed alongside the likes of Justin Timberlake, Shola Ama, Jools Holland, Sophie Ellis Bextor and Snarky Puppy.

The sister band of the LDN Showband, City Collective was initially formed in 2019 when one of our clients wanted us to have 2 bands performing at the same time, one upstairs, and one downstairs! Well, such was the success of this second lineup, that they grew their own wings and grew such a demand of their own and have since gone on to travel the world together and solidify a real identity as LDN's showband that packs a real youthful energy. Most of their singers have a background not just in vocals, but also in dance, which is why their performance can be enjoyed both as an interactive show and an entertaining concert. They play the same medleys and repertoire as the LDN Showband, thus the members are interchangeable, hence why you may often see performers from both bands on stage together. You have countless options with this band when booking to use the performers elsewhere in the day to get the most out of them, for instance with chillout lounge sets, our signature high-energy full band dinner roaming which will have your guests dancing on their chairs and singing at the top of their voices!

“

EVERY TIME WE WANTED A QUICK BREAK FROM DANCING TO CATCH OUR BREATH, ANOTHER BELTER WAS FORTHCOMING AND WE HAD NO CHOICE BUT TO REMAIN ON THE FLOOR!

THEY'RE NOT ONLY TALENTED AF BUT ALSO A GENUINE BLAST TO BE AROUND. EVERYONE JUST FOLLOWED YOUR ENERGY

Fortissimi Strings is a completely fresh approach to the conventional string quartet. Playing exciting new arrangements of modern pop songs and classic love songs, infused with beatboxing - this string quartet will provide some unforgettable entertainment for you and your guests. They are quite literally one of a kind, and that is why we find wherever they go, people are mesmerised by the group's performances. Whether it's a stunning wedding ceremony in the Tuscan sun, or a bustling corporate networking event, these guys always leave an imprint on whatever event they perform at, because they are simply not an act to shove in the corner and ignore!

- WORLD'S 1st BEATBOXING STRING QTET
- UNIQUE HEAD-TURNING ARRANGEMENTS
- AVAILABLE AS 4 or 5 PIECE
- INCLUDES 1 SPECIAL REQUEST
- PLAYLIST AVAILABLE BETWEEN SETS
- PA SYSTEM INCLUDED

What makes the group truly unique is the beatbox accompaniment, which makes us the only group of its kind. A lot of string quartets do pop covers, but without the rhythmic drive that is brought by the vocal percussion, it is very difficult to achieve the groove that pop music requires. What has surprised us the most over the years, since performing as a group is the unintended effect of many

of the guests getting up and dancing during the set. Given that people don't tend to book the group with that expectation, it suggests they're doing something very right! All of the sounds that the group make are their own, so no cheesy backing tracks. For that reason unfortunately we can't go out as a duo or trio as it requires the full string group to hold the beautiful harmony together. If booking the group for a wedding it is worth noting that the beatboxer can be removed for the ceremony so that you can keep it traditional and classy for the more intimate moments of the day.

WALKING DOWN THE AISLE JUST FELT MAGICAL. THEY KEPT OUR GUESTS WELL ENTERTAINED WITH BEAUTIFUL ARRANGEMENTS, THE BEATBOXING WAS SO COOL!

WE WERE BLOWN AWAY BY FORTISSIMI STRINGS, THEY TRULY EXCEEDED ALL OUR EXPECTATIONS

LDN Roams is our audaciously suave group of musicians set up to roam. Whether it's a interactive drinks reception, a networking event or high-energy dinner sets that will have guests up on their seats, our amazing roaming band is the best option if you want the band to truly feel part of the party. The band is in its prime when taking requests on the spot or coming up with improvised medleys right in front of guests! Aside from the obvious benefit of interactivity, having a roaming band can be the easiest way to squeeze entertainment into difficult venues and spaces - they can create a party vibe regardless of noise restrictions and when fully acoustic don't require a big set up time like some of our larger static bands.

- SCALABLE FROM 3-8 PIECE
- HIGHLY INTERACTIVE ICE BREAKER
- ON THE SPOT REQUESTS
- EASY SET UPS
- ROAMS FROM SPACE TO SPACE
- CAN PROVIDE FOR FULL DAY w/ DJ

When booking a roaming band, it's important to have a clear vision of the purpose you'd like them to serve. This can help inform the style of lineup you choose...

Are you looking for an ice-breaker whilst people are chatting, or do you want maximum impact with the whole room involved at once? The former might point to longer un-amped acoustic roaming sets with the band making their way around different groups of people, but if you want the impact to be big and almost frenzied, then shorter sets are the one, and we'll need amplification and mics to maximise our impact on the space. This might be in the form of roaming dinner sets, or spotlight pop up performances at a formal event.

Believe it or not, it takes a special kind of song to work in a roaming set, particularly for high energy sets. It needs to strike a fine balance between being extremely well-known and having a good sing-a-long pedigree. Think of songs where EVERYONE knows the chorus, and would sing it all with us, for that reason a tune like 'Signed, Sealed, Delivered' can work well but 'Superstition' wouldn't, and this is why we keep our offerings quite limited for roaming sets.

“ THE DAY WAS MADE BY YOUR PERFORMANCE, YOU ARE ALL SO INCREDIBLE AND JUST LIFTED THE ROOM. I CAN'T GET OVER HOW TALENTED YOU ALL ARE. THANK YOU!!

IT GENUINELY FEELS LIKE A BLUR, BUT WHAT I DO KNOW IS YOU ABSOLUTELY SMASHED IT OUT THE PARK...

LDN's Wide Awake brings you London's freshest DJ act to provide a night you won't forget. Combining with live roaming saxophonists, percussionists and dancers, Wide Awake brings an explosion of energy to liven up your event. This is our main open format group, where the live performers can stagger their performances, keeping the energy fresh, throughout the night following the ebbs and flows of a party with a set that can be adapted in real time during the night to react directly to the energy on dancefloor.

- SCALABLE FROM 2-8 PIECE
- HIGH ENERGY DINNER ROAMING SETS
- DIVERSE, HOUSE INFUSED REPERTOIRE
- SOUND, LIGHTS & STAGING AVAILABLE
- OPTION FOR COMPACT VOCAL TRIO
- DJ INCLUDED THROUGH THE NIGHT

You may recognise many of the performers here from our other bands - we use performers from across LDN's roster to form our afterparty focussed DJ Live act, Wide Awake. DJ live is, simply put, when a DJ is combined with live elements, such as vocalists, saxophonists, percussion, guitar and/or electric violin. Any or all of these will massively bring the DJ's music to life, not only does the presence of live performers add to the charisma and energy on stage but musically sounds and feels much more lively and engaging. If you love House remixes and R&B mashups, then this is quite possibly the band for you. A lot of DJ live acts essentially operate by having singers grooving along to cheap karaoke tracks, but as usual with LDN, we put a lot more thought into our performances, by using high-energy mixes and medleys that flow seamlessly into each other, giving your guests an exciting journey through music!

If your venue is hampered by a sound limiter, but you still want to have a big party energy, the DJ live concept is best served to mitigate the limitations of a sound limited venue, as we have more control over the DJ tracks than we would with a Showband led by an acoustic drumkit.

EVERY MEMBER OF THE BAND WAS PHENOMENAL, FROM THE SINGERS, THE DJ, EVEN THE SOUND ENGINEER. DAMN TALENTED!

I'M NOT EXAGGERATING, THE DANCE FLOOR WAS PACKED ALL NIGHT - A TRUE TESTAMENT TO THE ENERGY OF THE BAND!

LDN Gold is the place to come if you love a throwback that forces you to shout 'I haven't heard this banger in ages!' It's not just about bringing out the run of the mill standards, but sometimes the best way to enthuse a dance-floor is to pull out the tunes that they forgot they loved. LDN Gold are not scared of pulling out the occasional cheesy song either, be it their brand new 'ABBA Medley' or Love at First Sight by Kylie Minogue, they truly know how to bring out the bangers and give them a live edge. With the same creative oversight as the rest of the LDN roster, LDN Gold is the newest in our range of showbands and boy do they pack a punch!

- HUGE REPERTOIRE, AMAZING MEDLEYS

Our clients often ask us what sets us apart from the other wedding bands on offer? Well, behind the scenes, we take a great deal of care at LDN, designing our clients' experience, almost to a scientific level. After all the alchemy of what makes of great party is so easily overlooked. It's so easy to focus on the wrong things. Getting out of the blocks too quickly can be a common mistake.

If you think about it, there is always special moment that feels right, reserved for certain songs: it'd be wrong to be chanting Freed from Desire without a drink (or two) in hand. Likewise Angels by Robbie Williams is not the sort of song you'd want to hear 3rd in the first set, it needs to be in a more reflective spot i.e. at the end of the night! That's how we approach everything we do, our medleys flow in such a way that you and your guests can feel like they're being taken through a journey through different styles of music. That's how multi-genre showbands SHOULD be done, rather a mix-bag of thrown together classics, we want every song in the set to serve a purpose. Some songs are good for getting the crowd warmed up, others may be ideal for the guests to do most of the singing for us. We don't mind what we're playing, as long as it leads to your guests having an amazing time.

“ WE HAD THE 8 PIECE BAND FOR THE EVENING. I'VE NEVER SEEN A DANCE FLOOR SO FULL OF HAPPY PEOPLE.

THEY WENT ABOVE AND BEYOND TO CREATE OUR PERFECT SET LIST AND VIBE AND THEIR ENERGY WAS SO INFECTIOUS.

When bona fide jazz musicians come together, there is a special alchemy like nothing else in music. The guests may not quite be able to put their finger on why it sounds so good when the talent level is so high, but what they are experiencing is a version of a song that has never been played exactly like that before, and in a way that will never happen again. So what Skyline Jazz brings to each event they play at is unique to that moment, and that's why it's so special. When you book Skyline Jazz, you have a couple of key decisions to make first. Do you need vocals, or would you prefer the music to be more ambient, perhaps as part of an instrumental lineup? Would you prefer a traditional jazz band, performing swing standards or pop songs, played with a jazz twist? Get these decisions right and you're certain to get a perfect atmosphere going on the night.

Introducing our versatile small band acts, perfect for intimate gatherings or as the perfect complement to our larger Showbands. Whether you're looking for a captivating soloist, an atmospheric duo, or the soulful harmonies of our LDN Cannes acoustic trio, our curated selection of performers brings elegance and flair to any event. Our solo DJs and acoustic duos create the perfect vibe, whether as stand-alone acts or seamless additions to our showband experiences. Most of the performers that feature in our small band acts can be seen elsewhere within LDN which is why it can make sense to small bands or LDN DJs/soloists as part of a larger package, meaning we can cover more entertainment with a smaller overall group of musicians. On the flip side it occasionally makes more sense to have no more than a duo or trio to complement a more intimate event where a big band might feel overwhelming. We can curate our small bands to your exact specification so just ask and we can come up with options that sit perfectly with the feel you want to create at your event.

- POP/CLASSICAL/JAZZ/R&B OPTIONS
- CURATED PERFORMANCE TO BRIEF
- TECHNICAL SUPPORT AVAILABLE
- PERFECT FOR REGULAR RESIDENCIES
- FLEXIBLE VIBE BETWEEN LOUNGE VIBES AND UPBEAT

With fewer members and less equipment, our small bands require less time and space to set up, leading to a smoother and quicker transition between different parts of your event. Acoustic duos and can easily adapt their energy - providing background music that is able to enhance the event without overpowering conversation, but likewise able to pivot to ramp up the energy at the drop of a hat. This makes them a great choice for events where the vibe could change in a short space of time, such as performing at an arrival drinks reception where people may begin it wanting to chat but after a few drinks feeling like a bit of a boogie! Other acts like cocktail pianist are generally designed to stay at one energy, that can hold the energy in a specific desired space.

“ THE TRIO WHISKED US OFF TO PARIS WITH THEIR WONDERFUL MUSIC. THEY MANAGED TO DELIVER EXACTLY THE ATMOSPHERE AND VIBE WE'D HOPED FOR, PERFECTLY COMPLIMENTED BY THE SUNSHINE!
